What Are We Learning?

Printing our Name- we will continue to work on letter formation and identification.

Letter Bootcamp- Last week we learned the letters Aa and Uu. When we learn a new letter I will be posting the action that goes with it and how to say it in French on Seesaw so parents are able to review it at home.

Math- We have been working at rote counting to 5 in French and English and will begin identifying and representing numbers 1-5.

Star of the Week- We will have our first star of the week this week. The students will ask the star about their favorite things and then we all draw a picture for that person to put in a special book for them.

Vocabulary We Have Learned:

fille(girl)
garçon(boy)
école(school)
écoute(listen)
joue(play)
mange(eat)

Ask your child to show you the actions that go with each word.

September Important Dates

Sept 18- No School for Kindergarten

Sept 25- PD Day, No School

Sept 29- Nature Walk

Sept 30- Orange Shirt Day

What Are We Learning?

Terry Fox Run- We will be doing a Terry Fox run during our Phys Ed class this week. We will be collecting Toonies for Terry which go to the Terry Fox Foundation. If you would like to donate please send in donations by Sept. 22nd.

Printing our Name- we will continue to work on letter formation and identification.

Letter Bootcamp- We have now learned letters A, E, U and O. I just realized I forgot to post the action for O in Seesaw, so I will be doing that today.

Math- We have been working at rote counting to 5 in French and English and will begin identifying and representing numbers 1-5. We are also counting how many days of school we've had so far and the numbers on our calendar.

Vocabulary We Have Learned:

pomme(apple)

rouge(red)

jaune(yellow)

vert(green)

tombe(fall)
