What Are We Learning?

Kindness Week- Last week the kids came up with the ideas to make friendship bracelets and virtual hug cards to give to Mrs. Watson's class. We will be sending them to our friends this week now that they have been in quarantine.

The Alphabet- We have now worked on formation of letters F, E, D, P, B, R, M, N, H and L. We will continue to work on more letters this week.

Remember to check Seesaw and practice reading those alphabet books.

Math- We will review numbers to 10 and work on beginning addition concepts and more than, less than and the same.

Assessments- With report cards coming up I will be doing a variety of assessments over the next few weeks.

Lent- We have been talking about Lent and our service project "Chores for Change". Please consider participating by having your child do chores at home so they can earn change which will then be donated to a school in Africa.
